GitHub: github.com/Rafu75
LinkedIn: linkedin.com/in/rafimahmudul
Email: rafimahmudul96@gmail.com
Phone: +8801610921863
Address: Rampura, Dhaka

PROFILE

Full-Stack Web Developer specializing in the MERN Stack, with hands-on experience building scalable, responsive, and user-friendly web applications. Passionate about developing high-quality software solutions using modern technologies and clean development practices. A quick learner with strong problem-solving, teamwork, and leadership skills, committed to contributing effectively to collaborative development teams.

TECHNICAL SKILLS

Full-Stack Development (MERN): MongoDB, Express.js, React.js, Node.js
Frontend: HTML, CSS, JavaScript (ES6+), React.js, Next.js, Tailwind CSS
Backend: Node.js, Express.js, MongoDB, RESTful API Development, Firebase Authentication
Tools: Git, GitHub, VS Code, Vercel, Railway
SQA (Basic): Manual Testing, Test Case Writing, Bug Reporting, SDLC
Data & Operations: Data Entry, Data Verification, Data Validation, Data Processing, Data Accuracy

PROJECTS

TechLine | Online Learning Platform
Live Link: https://tech-line-online-learning-platform.vercel.app

- Developed a responsive online learning platform using React.js, Tailwind CSS, Node.js, Express.js, and MongoDB, featuring course browsing and user enrollment.
- Implemented Firebase Authentication and RESTful APIs for course and enrollment management with MongoDB integration.

EVENTLAB | Event Management Platform
Live Link: https://event-management-nextjs-olive.vercel.app

- Developed an event management platform using Next.js, Tailwind CSS, and MongoDB Atlas, enabling users to browse and manage events.
- Implemented NextAuth authentication, protected dashboard routes, and RESTful API endpoints for creating, fetching, and deleting events.

RESEARCH EXPERIENCE

User Trust and Perception of Explainable AI in Decision Support Systems
Supervisor: Dr. S. M. Hasan Mahmud

- Conducting research on user trust in Explainable AI (XAI) in decision support systems, including survey design and data collection.
- Developing and evaluating a predictive model using survey data to analyze user behavior and derive insights on trust patterns.

EXPERIENCE

Front-End AI Engineering Intern
FlyRank AI | Remote | June 2026 – August 2026

- Developed responsive user interfaces for AI-powered web applications using modern web technologies.
- Collaborated with the development team to integrate AI features and improve user experience.

EDUCATION

BSc in Software Engineering
Daffodil International University
2022 – 2026

Higher Secondary Certificate (HSC)
Milestone College
GPA 5.00 | Science | 2019-2020

SOFT SKILLS

Problem-Solving, Team Collaboration, Adaptability, Critical Thinking, Quick Learning, Time Management

LANGUAGE

Bengali (Native)
English (Professional Working Proficiency)
